Subject: Report on "Towards a Business Case for a Pacific Climate Change Portal"- Summary Analysis by the SPREP Director

---

Further to decisions of the 2008 and 2009 Pacific Climate Change Roundtables, I am circulating for your information the final report by the consultants on the business case for a Pacific Climate Change Portal and an analysis paper provided by the Secretariat. This draft of the consultants report was discussed at the Pacific Climate Change Roundtable in Niue in March 2011, and has been further refined.

I would wish to invite comments on the recommendations for action set out in the analysis, and to thank those who submitted their views for their helpful comments and guidance on this consultants report.

Yours sincerely,

Stuart Chape
Officer-in-Charge
