Subject: Pacific UNCCD Pre-COP10 Meeting

I am pleased to inform you that the Pacific UNCCD Pre-COP meeting was held as scheduled in Nadi - Fiji during the period 5-9 September 2011. From all accounts this workshop was a successful exercise and all of the participants collaborated effectively to deliver a range of constructive outcomes. These incorporated the following significant documents (refer to Attachments:

i. Report on Pacific Regional UNCCD COP10 Preparatory Workshop
ii. Meeting Statement - Regional Preparatory Meeting for the 10th COP.

The next step is to ensure full and effective participation of PICs at the UNCCD COP10 in Korea - October 10 – 21.

We are confident that this workshop was a useful part of the "Pacific Voyage" process which has been formulated to increase PICs participation at MEA COPs and appreciated the active participation of participants from your country.

Yours sincerely,

David Sheppard
Director
