SPREP Circular

File No: **AP 9/7/2/1**

Date: 24 February 2012

Circular: 12/16

To SPREP National Focal Points

Subject: **New SPREP website**

Dear Members,

For over a year, planning and preparation of a new SPREP website has been underway and it gives me great pleasure to advise you that our website has now gone live with an informal launch at SPREP today.

This allows for feedback and comments from SPREP members as to changes and improvements to be made.

We plan to have an official formal launch of www.sprep.org at the 2012 SPREP meeting in New Caledonia (in Noumea, New Caledonia from 3 to 7 September. By this time our aim is that the website will contain quality content, all technical hitches will have been ironed out, and it will look vibrant.

The SPREP website has been developed following consultation with, and input from SPREP Members. We thank you for your support in this area as it has helped guide us to this current stage, however we are always striving to improve.

To this end we invite comment or suggestions from our members on the draft new website.

Please visit us at www.sprep.org to experience our new website. I would like to note that one important feature we have included is a section on our members which provides brief information on each SPREP Member country and references relevant country web sites of SPREP Members. Any comments on this material would be appreciated.

We look forward to your feedback and continued support. Thank you.

Yours sincerely,

David Sheppard
Director General
