CLEAN PACIFIC 2012

The Pacific environment, sustaining our livelihoods and natural heritage in harmony with our cultures.

CIRCULAR

FILE: AP 1/1
DATE: 29 March 2012
CIRCULAR: 25/12

TO: SPREP National Focal Points

SUBJECT: **Increased support from SPREP for activities in Pacific Island Countries and Territories.**

Dear SPREP Members,

One of the key elements of SPREP's change management process has been to increase the direct support from SPREP for environmental projects and programmes in Pacific Island countries and territories.

For information, I have attached a table showing support from SPREP to every Pacific Island SPREP Member in 2011, and also the corresponding table from 2010. These tables show the total amount of support provided from SPREP for each Pacific Island Member and also a detailed listing of every project supported by SPREP in each country and territory.

These tables show that SPREP's direct financial support to Pacific Island Countries and Territories has increased from around US$2.4 million in 2010 to around US$4.3 million in 2011. The tables also show that support for SPREP Member regional level activities has increased from around US$7.0 million in 2010 to around US$8.3 million in 2011.

I am very happy that we have significantly increased our direct support to our Pacific Island Member countries and territories over the last few years.

This is copied to SPREP Members in the interests of transparency. Please let me know if you have any questions or queries regarding this matter.

Kind regards,

David Sheppard
Director General
