SUBJECT: Draft agenda 2012 Pacific Environment Forum

Dear Focal Points and Partners,

RE: National and Regional State of the Environment Reporting for the Pacific: Synergies and Priorities

We are pleased to provide information and a draft agenda for the 2012 Pacific Environment Forum (PEF), which will be held directly before the SPREP meeting on 3 September, in Noumea, New Caledonia. In view of the importance of the environmental monitoring and SOE commitments of the SPREP Strategic Plan the focus of the 2012 PEF will be on meeting national and regional state of the environment reporting targets.

We request comments and suggestions on the draft agenda, and look forward to engaging discussions so that we can advance the development of environmental reporting at national and regional scales.

The SPREP focal point for comments and suggestions is the Marine and Coastal Adviser, Tim Carruthers (timc@sprep.org).

Yours sincerely,

David Sheppard
Director General
