SUBJECT: The ***Pacific Voyage*** at UNFCCC COP 18

Dear Members,

The ***Pacific Voyage*** Communications Campaign at the UNFCCC COP 18 will entail several key opportunities which we would like to bring to your attention for kind consideration and response before you leave to attend the UNFCCC COP 18 in Doha this year.

Pacific Side Event
We have been successful in booking a time slot for a Pacific Side Event to allow space for you, our Pacific members to showcase their work on climate change. This is scheduled for Thursday, 29 November 2012 from 4.45 to 6.15pm. We seek your support in making this a successful side event through promoting this Pacific event to those at the COP 18. We are also keen to know of some ideas you may have and are willing to work with us on to help ensure this event is a success.

If you would like to use this opportunity to share the work that your country is doing on climate change, then please email Ms. Nanette Woonton, the Media and Public Relations Officer at SPREP to indicate your interest. Ms. Woonton will be coordinating the logistics for this side event including the coordination of the programme and will also be available to provide communications support you may require in planning and preparing for this event. Her email is nanettew@sprep.org

Pacific booth
SPREP applied for a space in the exhibition booths this year to display and distribute materials relating to climate change in the Pacific. It has been observed that there is much foot traffic that passes by these displays and we hope to make the most of this opportunity to strengthen Pacific awareness and understanding of the Pacific climate change issues through this booth. If you have materials that you would like to display, or ideas as to how we could have a successful Pacific booth, then please contact Ms. Nanette Woonton to let her know of your materials that you could bring for display or of any thoughts you may have to ensure our Pacific booth has the 'wow' factor. Her email is nanettew@sprep.org

Thank you very much for your time and we look forward to your response.

Yours sincerely,

Netatua Pelesikoti
Officer in Charge
