SUBJECT: SPREP Annual Report 2013

Dear Members and Partners,

I am pleased to advise that the 2013 Annual Report for SPREP is now available online. English and French language versions can be downloaded from: http://www.sprep.org/

In 2013, we celebrated the 20th anniversary of the signing of the SPREP Treaty, which established the Secretariat as an autonomous body. There was a lot to celebrate during this anniversary year and the 2013 Annual Report captures the scope of our collective achievements at community, national, regional and global level. New in the 2013 Annual Report is a section which highlights a key activity for each of our Pacific island members.

The Report will be presented to the 25th SPREP Meeting in Majuro, Republic of the Marshall Islands and advance copies will be made available at the Third United Nations Small Island Developing States Conference in Samoa.

We welcome your comments and feedback on the Report and will be happy to share additional copies with you on request. Please also note that printed copies of the Report will be sent to you shortly.

Yours sincerely,

David Sheppard
Director General
