Dear SPREP Members,

Due to damages as a result of Cyclone Gita which affected Samoa on Saturday 10th February our SPREP Campus has been impacted by flooding and fallen debris which has also affected power supply and our normal services. We expect to be fully operational by Monday 19 February.

Noting the devastation caused in our region, SPREP may also provide technical assistance where requested to complement national recovery efforts. SPREP is currently providing technical advice to the Government of Samoa.

Our thoughts and prayers are with all families affected by Cyclone Gita.

Kind regards,

Kosi Latu
Director General
