SPC: Brian Dawson, Gillian Cambers: Pasha Caruthers
USP: Sarah Hemstock
GIZ: Marita Manley, Hanna Sabass

SUBJECT: Introducing the following Ms. Andrea Egan (SPREP Climate Change Division Consultant)

Dear colleagues

The Secretariat of the Pacific Regional Environment Programme's Climate Change Division in collaboration with its partners (GIZ, SPC, USP, PIFS) is developing the Pacific Climate Change Portal (www.pacificclimatechange.net). Part of the portal work is the development of the climate change country profiles for the 21 Pacific Island Countries and Territories (PICTs) focusing on the following areas: **Country Overview, Key National Policies, Plans and Strategies, National Climate Change Priorities, Governance, Adaptation, Climate Science Information, Mitigation, Partnerships, Projects, Ongoing Challenges or Gaps, Focal Points.**

The Secretariat has acquired the services of Ms Andrea Egan as the consultant to develop the climate change country profiles.

In ensuring that the content in the climate change country profiles are factual and accurate, over the coming weeks, Ms Egan will be in contact with your office to verify the content of your country's profile or your work under the various headings mentioned above.

We humbly urge that you provide Ms Egan your full cooperation to ensure that the development of the climate change country profiles are completed in the most efficient and effective manner whilst focusing on the quality of the content.

Should you have any questions or queries please do not hesitate to contact Makelesi Gonelevu, Knowledge Management Officer on email makelesig@sprep.org.

We thank you in advance for your cooperation.

Yours sincerely,

David Sheppard
Director General
