SPREP Green Climate Fund Country Concept Checklist This checklist is to be used by SPREP Member countries interested in, and able to collaborate in the delivery of Green Climate Fund Projects. This template helps ensure there is a good basis for the development of concept / proposals for submission. The template has been developed with the limited timeframe prior to the GCF October Board meeting in mind. Based on content received via this template, SPREP will work with members to package together county, sub-regional or regional mitigation and adaptation projects.	
Indicative proposal name	*[Provide a name for the proposed programme/project/set of activities]*
Proposed Climate Change (mitigation, adaptation) priorities / programme /project/ actions to be addressed	*[list identified and specific activities, integrated programmes of work, projects, and thematic sectors to be addressed through the GCF]* •
Are the identified priorities based on a national, sub national, community or other plans or strategies? Please provide details	*[list details of plans, strategies, other processes etc, on which the identified priorities / actions are based. e.g. sustainable development plans, NAPAs, community consultation etc]* •
Please summarise any community/sector consultation, in the identification of the priorities?	*[list details of any community, industry, government sectors which have been consulted in the identification of the identified priorities and actions]* •
When would a project to address these activities be able to commence.	*[Are the proposed activities ready to be addressed? Yes/No – if not when would the programme of works be able to commence?]*
What would the approximate duration of the activities be?	
Are there personnel within relevant national, sub-national or community agencies able to assist with the development of a full project proposal. Please provide details	
Are there any identified areas for Readiness support to support development of a full proposal and / or implementation capacity issues?	
Total finances sought from GCF?	*[Please provide a budget estimate for the proposed activities, and details of any other co-financing]*
Supporting documentation	*[Please include any existing documentation which provides further information or detail on the proposed activities]*
Name and contact details of GCF NDA or focal point	
Any other comments
