3rd PIRT Protected Areas Working Group
Workshop July 2, 2015
Meeting July 3, 2015

Outcomes - reflect on these after two days and check if they have been met successfully

- Familiarity with the variety of work being done by members and how it connects with the Pacific Islands Framework for Nature Conservation and Protected Areas

- Improved understanding of the critical regional and national issues influencing progress on meeting protected area targets

- Consensus on how the PAWG, collectively or through individual organisations , will commit to action on key issues

- A targeted action list to 2020 with nominated organisational leads, that is presented to the PIRT
