Pacific Islands Roundtable for Nature Conservation

# Protected Areas Working Group

**Adding Value ……..without adding workload**

**hub for discussion, networking and exchange of knowledge and experience**
**PIPAP function enhanced**
**Email info out – encourage member inputs ,,,  2 way listserve // exchange list**
**Encourage project news items from members**

**Improve reporting / tracking function –  create an indicators template per Framework for NCs and PAs**

**Encourage / remind / alert members / affiliates to align their work with:**

- **NBSAPs**
- **National roadmaps for Aichi Target 11**
- **Voluntary Oceans commitments**
- **Other nationally relevant plans Coral triangle MPAs plans of action**

**Strengthen "PA" promotion, ie; *brightspots* approach (useful for cross- sectoral processes) ,, appreciation of value**
**Soft product about PAs for use by countries — call for input from countries but focus on PAs being a tool**

**Support capacity building objective – options coming from HOO mtg**
**PICCC - evolving course - how next to best invest in it in new forms ?**
**Members look for opportunities**

**Value in at least one annual regional workshop (BIOPAMA Phase II workshop in March 2018 + CBD support for Roadmaps implementation)**
